Eric Joseph Zimmer

Full-Stack .NET Developer
contact@ejzimmer.com | 308-550-0063
Portfolio: https://www.ejzimmer.com | GitHub: https://github.com/EricZimmer87

PROFESSIONAL SUMMARY

ASP.NET Core and .NET developer specializing in full-stack web applications using C#, SQL Server, and modern web technologies. Experienced in designing secure, scalable, database-driven applications using MVC architecture and Entity Framework Core. Passionate about building software that solves real-world problems.

TECHNICAL SKILLS

Languages: C#, SQL, HTML, CSS, JavaScript
Frameworks & Technologies: .NET, ASP.NET Core MVC, Entity Framework Core, Bootstrap, Razor Views, RESTful APIs
Databases: SQL Server, Relational Database Design, Normalization
Tools: Git, Docker, Visual Studio, VS Code, MS SQL Server
Concepts: Object-Oriented Programming (OOP), MVC Architecture, Agile Development, Full-Stack Development

PROJECTS

Reservation Tracker | ASP.NET Core MVC, C#, SQL Server, Entity Framework Core
github.com/EricZimmer87/reservation-tracker

- Developed a full-stack motel reservation management system to solve a real-world business need.
- Implemented reservation management, guest tracking, and check-in/check-out functionality.
- Designed and optimized a relational SQL Server database using Entity Framework Core.
- Built a responsive UI using Razor Views and Bootstrap following MVC best practices.

Encryptions | React, JavaScript, TypeScript
https://www.ejzimmer.com/encryptions

- Created an educational web app demonstrating Caesar Cipher, AES, and RSA encryption algorithms.

CineViews | PHP, MySQL, AltoRouter, PHP Plates
https://www.ejzimmer.com/CineViews

- Developed a movie and TV review platform with search, ratings, and an administrative dashboard.

EDUCATION

Bachelor of Science in Computer Science - Bellevue University, November 2025 | GPA: 4.00
Associate of Applied Science in Information Technology (Developer) - Central Community College, May 2024 | GPA: 4.00

PROFESSIONAL EXPERIENCE

Front Desk & Housekeeping - The Fullerton Inn | Feb 2023 - Present

- Manage front desk operations and deliver high-quality customer service.
- Applied real-world business insight to develop the Reservation Tracker system.

MSC Shift Lead - Green Plains | Feb 2020 - May 2022

- Operated computer-controlled systems and trained team members on new processes.
